This includes, but is not limited to using this information in the press, council publications, websites, and social media channels.

    - any information in the application form or a supporting document was incorrect or misleading
    - your group or the project ends for any reason.
  - Your group will provide the council with a written report on the activity undertaken with the grant by the following March. Failure to provide a written report will mean that no further applications by your group for financial support will be considered.
  - To be considered for the May committee please supply you application by the end of April and by the end of September for the October committee.
- 

## **The Funding Process**

To help applicants understand how we assess and share out the fund the following process is followed.

- Identify all applicants that fit the set criteria (terms of reference and application form) and set aside those that do not qualify.
- The committee would look to fully fund those activities that are newly formed groups or first time applicants. All subject to a maximum grant of £1000. Identify these as Round 1.
- The committee then seeks other groups applying for equal or less than £500. Identify these as Round 2. Identify others as Round 3.
- If at any round the monies available, in the opinion of the Responsible Finance Officer, is insufficient to warrant distribution then the money & qualifying applications will be considered at the next grant allocation.
- For May committee half the budget would be available to allocate. (For October it's the other half plus any underspend from May).

### Round 1:

- If enough monies are available vs the amounts requested (up to max £1000) then they would be fully funded.
- If enough monies were not available then each amount would be reduced by a calculated percentage to bring it down to the monies available.
- If all the monies have been allocated by the end of round 1, this is the end of the process.

### Round 2:

- If there is money left then those applications at equal or less than £500 would be identified with a view to fully funding them.
- If enough monies were not available then each amount would be reduced by a calculated percentage to bring it down to the monies available.
- If all the monies have been allocated by the end of round 2, this is the end of the process.

### Round 3:

- If monies are still left after this round then the remaining applications are treated in the same way i.e. a maximum of £1000, fully fund if money available and if not reduce by a calculated percentage.
